NBUF WORLD AFRICAN CENTERED EDUCATIONAL PLAN

Ultimate Objective:

The development of a worldwide independent African Centered Education System by developing African Centered independent schools and strengthening existing African Centered independent African schools.

This NBUF African Centered Educational Objective will be carried out by organizing educational initiatives in the following areas:

1. African Centered curriculum development and educational restructuring in the public schools.
2. Expanding the number and quality of supplementary or after school programs in the African Community.
3. Working to restore African extended communities through aligning with African religious / spiritual institutions, community organizations, social organizations, and educational groups to create pilot block by block organizing around African Centered education.
4. Through NBUF's Prison Project, work to implement African Centered Education in the education programs in the prisons of America.
5. Encourage African governments throughout the world to adopt the African Centered Education thrust.
6. Support, when appropriate, African Centered Charter Schools.
7. The establishment of an NBUF African Centered Teacher Training Institute.
8. Develop a National Strategy of electing African Centered School Board Members at the local level and establish a National African Centered School Board Organization.
9. Strive to coalesce with non-English speaking African people in Furthering our efforts to internationalize the African Centered Movement.
10. That NBUF consolidate the African Centered movement through aligning and collaborating with African Centered entertainers, study groups, churches/temples, scholars, and rites of passage programs.
11. Establish an NBUF African Centered Education Summit Network and periodically convene NBUF Educational Summits.
